PROFESSIONAL SUMMARY

Software Developer with hands-on React.js and MERN stack experience, currently interning at NoviTech R&D Pvt Ltd. Skilled in building responsive, data-driven web interfaces with JavaScript, HTML and CSS, and integrating REST APIs with Node.js/Express backends. Strong foundation in SQL and DBMS, with a focus on writing clean, maintainable code.

EDUCATION

PGP College of Engineering, Namakkal *2024 - 2028 (Expected)*

B.E. Computer Science and Engineering (CSE) — CGPA: 8.1 / 10.0

Government Higher Secondary School, Dharmapuri *2022 - 2024*

Higher Secondary Education

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), Java, SQL, HTML5, CSS3
- Frameworks / Libraries: React.js(basics), MongoDB (MERN), Django (basics)
- Developer Tools: Git, VS Code, Android Studio, Google Colab
- Concepts: Data Structures, DBMS, OOPS, Web Development, Artificial Intelligence

EXPERIENCE

Software Developer Intern — NoviTech R&D Pvt Ltd *2026 - Present*

- Developed and maintained responsive websites using the MERN stack (MongoDB, Express.js, React.js, Node.js), delivering cross-device layouts with HTML5, CSS3, Flexbox, and Grid.
- Built 10+ reusable React.js components and integrated REST APIs with a Node.js and Express backend for dynamic, data-driven pages.
- Designed MongoDB data models and collaborated in a team workflow using Git for version control.

PROJECT EXPERIENCE

Travel Website *2026*

HTML, CSS, JavaScript, Java (backend logic)

- Developed a responsive travel website with an interactive UI using JavaScript, featuring travel destinations, package details, and navigation.
- Used Java for backend programming to support core website functionality.

Portfolio Website *2026*

React.js, HTML, CSS, MERN | github.com/Dinesh6526

- Designed and deployed a responsive personal portfolio showcasing projects and skills, built in both static HTML/CSS and a full MERN stack version.

CERTIFICATIONS

- Full Stack Developer — NoviTech R&D Pvt Ltd (2026)
- Java — Infosys (2026)
- UI/UX — NoviTech R&D Pvt Ltd (2026)

EXTRACURRICULAR

- Participated in workshops, technical seminars, and project presentations on AI and Machine Learning.
- Regularly practice programming and aptitude problem-solving to prepare for technical interviews.
